Guide to our warranty

The homes on this development are protected by a ten-year New Home Warranty from Premier Guarantee. All homes covered by our warranty are insured against a wide range of structural issues that could occur to your home during the ten years after construction is completed. An overview of what is and isn't covered by our warranty is included in this booklet.

What else you should expect from your developer?

In addition to providing a summary of your structural warranty cover, your developer should also share with you the following information to ensure you are fully informed before you commit to buying your property:

- An Insurance Product Information Document
- A copy of the Consumer Code for Home Builders

More information on these is covered in this guide. Please speak to your developer/builder if you have any further questions or for more detailed information on our warranty cover, please visit www.premierguarantee.com to download a copy of our latest New Home Warranty policy document.

Who are Premier Guarantee?

We are the second largest new home warranty provider in the UK. Established for over 20 years, We have provided cover for over £57 billion worth of properties across the UK, Ireland and Europe.

Why do I need a warranty?

A New Home Warranty provides you with protection against structural faults, or 'defects' which could occur in the structure of your new home. These include faults in your walls, floors, roof or foundations. These faults can be extremely expensive to fix so having adequate insurance protection in place is hugely important.

When buying your new home, mortgage lenders are far more likely to release funds if a warranty is in place from a reputable provider. Premier Guarantee is recognised by the Council of Mortgage Lenders and the majority of the country's banks and building societies.

If you require any further information on Premier Guarantee, please visit our website, www.premierguarantee.com.

Structural warranty cover

The information provided in this booklet outlines some of the key areas of cover provided by Premier Guarantee for new homes. You should review your New Homes Warranty Policy and Certification for full details of what is covered.

Insolvency of the developer during the building period

(This section of cover is only applicable if the property you are buying is incomplete.)

Under this cover, a policyholder will be reimbursed for any loss of deposit paid when a developer has not commenced work on a property due to insolvency or fraud. Alternatively, if the developer fails to complete a property for the same reasons, cover is in place to either ensure the property is completed to our technical standards or refund any deposits paid by the policyholder. As standard, we will pay up to a maximum of 10% of the purchase price of your property or £100,000, whichever is less.

Defects Insurance period (DIP) - First two years after completion

During this period, it is your developer's responsibility to arrange for repairs to be carried out on defects which occur in your property. If your developer fails to carry out these repairs, or if you enter into a dispute regarding the completion of repairs, the cover in place on your property can help ensure this work is carried out. This cover is only available in certain circumstances so please ensure you refer to your policy documentation for further details.

Structural Insurance Period (SIP) - remaining eight years of the policy

During this period, our policy will provide you with protection against a range of defects which could occur in the structure of your property. Cover includes the following elements of your home:

- Foundations
- Load-bearing parts of ceilings, floors, staircases, walls and roofs
- Non-load bearing partition walls
- Chimneys and flues
- Roof coverings
- External finishing surface (including rendering)
- Floor decking and screeds
- Wet applied plaster
- Double or triple glazed panes to external windows and doors

Full details of how these elements are covered can be found in our policy documentation.

Contaminated land (years 3-10 of cover)

If a statutory notice is served on your property, this section of our policy will cover the costs incurred in removing any substance from the land you own where the contamination existed before the completion of your home.

Machinery Inherent Defects (years 1-5 of cover)

This section of cover protects you from the cost of repairing or replacing certain mechanical and electrical equipment, such as boilers, lifts and air conditioning systems which are affected by inherent faults.

Insurance Product Information Document

Under the Insurance Distribution Directive, anyone looking to buy insurance will benefit from an Insurance Product Information Document. This is a simple document which aims to provide clear information about the insurance cover so that consumers can make more informed decisions.
